## +8000 Signatures on Petition Letter to Marcus Ferber, MEP Stop Food Speculation in Europe

More than **8000 people across Europe have signed the following letter to you**, Markus Ferber, in your position as the European Parliamentary **Rapporteur on the Markets in Financial Instruments Directive (MiFID)**. They wish **to express their concerns about the need for strict regulation in the European food commodity derivatives market**. The questionnaire you released regarding the recast of MiFID is of interest not only to financial actors, but to all those who don't want to see our financial system continue to contribute to the hunger and poverty of those most vulnerable to food price hikes and volatility. Thank you for giving this letter the attention it deserves.

---

**Dear Mr Markus Ferber,**

We welcome your call for views on the proposals for the review of the Market in Financial Instruments Directive (MiFID), and would like the following to be considered alongside the responses to your questionnaire.

The increased involvement of the financial sector since deregulation in the 1990s has led to increased volatility in the physical markets for food and other commodities, contributing to food price spikes such as those seen in 2008 and more recently. As well as increasing food bills for European consumers, millions across the world have been left facing hunger and malnutrition.

It is therefore vital that the proposals for MiFIR and MiFID II are strengthened to improve the transparency and prevent excessive speculation from distorting food prices.

Specifically, improved measures are needed to:

- Ensure that the vast majority of opaque 'over the counter' (OTC) trading is brought on to regulated trading venues. The current proposals in the Regulation Article 26 are not sufficient to guarantee this, so provisions to increase the standardisation of derivatives and ensure that new unregulated venues are not created are needed.
- Ensure meaningful position reporting data by defining categories of traders across all markets according to the nature of their main business in the Regulation Article 60.
- Enable position limits to be used to prevent excessive financial speculation contributing to food price spikes and interfering with commodity markets' intended purpose of enabling commercial hedging and price discovery. Directive Article 59 should be strengthened to reflect this, including allowing the use of aggregate position limits, and eliminating the option for weaker "alternative arrangements". Regulation Article 35 should ensure that ESMA is able to act to reduce excessive liquidity in the commodity derivative markets if it is contributing to price volatility for the underlying assets.

Please ensure that these concerns are reflected in your final report.

Yours sincerely,

Aaron Eder, Aaron Salzer, Aaron Wolber, Abby Kendrick, Abby Mason, Abduelkadir Budak, Abdul Khaliq, Abdullah Demas, Abelardo Clariana-Piga, Abi Wylde, Abigail Allen, Abigail Goundry, Abigail Hill, Abigail Mortimer, Achim Lübbecke, Adam Buckmaster, Adam MacLean, Adam Merchant, Adam Styles, Adam Walsh, Adela Nistora, Adelaida Pilar Vicente Baquedano, Adelheid Rauchenzauner, adell bridges, adeltraud homer, Adina Hammoud, adolf adam, Adri Hartveld, Adrian Adrian Sargood, Adrian Cruden, Adrian Falconer, Adrian Henriques, Adrian Roberts, Adrian Smith, Adrian Wurm, Adriane Chalastra, Afrel Pounds, Afshan Butt, Aglaja Knapp, Aglavaine Lakner, Agnes Buttinger, Agnes Grinbold-Büch, Agness laurent-canet, Ahang Bashi, Ahmad Wan, Aidan Baker, Aidan O'Sullivan, ainoa martinez, aisling ryan, Aislinn Bowler, akgul Baylav, Al Clark, Alan Cottey, Alan Crawley, Alan Haine, Alan Leckie, Alan Ledger, Alan Madge, Alan Mawer, Alan Pankhurst, Alan Ramage, Alan Rees, Alan Stuart, Alasdair Duke, Albert Borchardt, Albert Brugger, Albert Hirl, Albert Leendertse, Albert Poßnitz, Alberto Martinez, Alberto Pérez Gimeno, Alberto Pérez Vicente, Aldabra Stoddart, Alea Tuschewski, Alec Dunn, Alessandra Diagne, Alethea Warrington, Alex Alex Economou, Alex Bourke, Alex Brandi, alex chiriac, Alex Curtis, alex Everard, Alex Gardiner, alex hackl, Alex Hamilton, Alex Hart, Alex Honnor, Alex Jones, Alex Mlacker, alex pum, Alexander Ausweger, Alexander Dadak, Alexander Fischl, alexander georgopoulos, Alexander Grim, Alexander Grössl, Alexander Grünbergs, Alexander Haas, Alexander Hertel, Alexander Holzinger, Alexander Honemann, Alexander Janousek, Alexander König, Alexander Krall, Alexander Litschauer, Alexander Mandelkow, Alexander Schiebel, Alexander Schmoelz, Alexander Stark, Alexander Thomas Creighton, Alexander Tramberger, alexander tscherni, Alexandra Fellinger, Alexandra Caruso, Alexandra Eder, Alexandra Gamsjäger, Alexandra Graf, Alexandra Grandl, Alexandra Harger, Alexandra Huck, Alexandra Krifta, Alexandra Mesch, Alexandra Moore, Alexandra Paterson, Alexandra Radeva, Alexandra Rajchl, Alexandra Rohrhofer, Alexandra Rößiger, Alexandra Schellnast, Alexandra Scherer, Alexandra Schlichting, Alexandra Varga, Alexandra Walcher, alexandra wittek, Alexandre Lemieux, Alexis Groppi, Alf Schreiber, Alfons Kratzer, Alfred Berger, Alfred Brandhofer, Alfred DANGL, Alfred Jelinek, alfred kempel, Alfred Leyens, Alfred Litten, Alfred Mitschitzek, Alfred Müller, Alfred Racek, Alfred Schenkenfelder, Alfred Schmudermayer, alfred wassermair, Alfred Wenikow, Ali Abbas, Ali Asghari, Ali Avery, Ali Bahaijoub, alice ashley, Alice Elliott, Alice Gray, Alice Größinger, alice jay, Alice Koller, alice meiringer, Alice Thornton, Alice Uhl, Alina Armstrong, Alina Cornelissen, Alina Doppelhofer, Alis McCabe, ALISA OSBORNE, Alison Barrett, Alison Bauzys, Alison Blenkinsop, Alison Collins, Alison Crane, Alison Davidson, Alison Ditchfield, Alison Frame, Alison Francis, Alison Hoskins, Alison Leigh, Alison Leonard, alison little, Alison Marshall, Alison Merryweather-Clarke, Alison Parfitt, Alison Prince, Alison Sanderson, Alison Sharp, Alison Skinner, Alistair Grove, Alistair Mackenzie, Alistair Wallace, Alixandrea Corvyn, allan calderbank, Allan Kippax, Allan Robertson, allan sweek, Allia Minogue, Allie Rogers, alma carballo, Almut Maria Riempp, Almuth Ernsting, Alois G.
